TWELVE PAGES

HOPE OF AVERTING
BALKAN CONFLICT
IS GONE FOREVER

Servians and Bulgars in Battle Line Miles and Miles in Length.

BLOODIEST FIGHTING
OF WHOLE BALKAN WAR

Bulgarians, Fighting Desperately, Receive Terrible Punishment in Sanguinary Engagement Before War Has Been Declared.

SERVIA TO DECLARE WAR.

London, July 3.—War is to be declared by Serbia against Bulgarians at once, for which place King Peter and Premier Pachitch departed from Belgrade this morning, according to the exchange telegraphic communications.

The proclamation will state that Serbia has been provoked by Bulgaria to declare war.

Rumania Mobilizes. Bucharest, Rumania, July 3.—King Charles of Rumania, ordered the general mobilization of the Rumanian army today.

Berlin, July 3.—A Bucharest despatch to the Vossische Zeitung says that a modification order has been sent out by the Rumanian government.

Sabotage, July 3.—According to a current report the Bulgarians have been ordered to evacuate the villages of Stoyanov, Solo and Berovo, massacring the old and young, men and children.

Bloodiest Fighting in the War. Belgrade, July 3.—According to latest advice from the front the Bulgarians have been entirely driven off the territory which they occupied when they encountered the Servians unaware. The Bulgarian right wing has been completely routed. It is asserted that the fighting was the bloodiest in the history of the Balkan wars.

Terrible Casualty List. Geneva, Switzerland, July 3.—The casualties during the fighting in Macedonia between the Servians and the Bulgarians and the Greeks and Bulgarians have been made known in the published figures from the Red Cross, according to the Servian Red Cross society. The secretary telegraphically to the Swiss Red Cross secretary asking it to dispatch doctors and nurses to the scene of hostilities.

Message stated that 3,000 wounded had already been brought from the front and the fighting continued.

Bulgarian Loses Enormous. Belgrade, July 3.—Army headquarters reported that the Bulgarians captured a ship, pursued the enemy capturing over 100 officers and 4,000 men.

Press despatches report that sanguinary fighting has prevailed at the front and the Bulgarians have been overthrown and where 4,000 Bulgarians surrendered. In this engagement 2,000 Servians were killed or wounded.

More Heavy Fighting. Unconfirmed despatches report heavy fighting in the Jutty district, in which the Servians were compelled to abandon their fortified positions at Jutty and leave behind their wounded.

Fifty-two officers, including four colonels, were among the killed, while the losses on both sides amounted several thousand.

(Continued on Page Two.)

PROFESSORS ASK PARDON
FOR MILITANT PANKHURST

Six of Faculty London University Say Suffragette Leader Cannot Live to Complete Sentence.

London, July 3.—Six influential professors of London university, including Sir Victor Horsley, Sir Pearson and Sir John Lubbock, have sent a petition to the king for a pardon for Mrs. Emmeline Pankhurst, the suffragette leader, who recently was sentenced to a term of three years imprisonment.

They urge her pardon on the ground that she cannot live to complete the sentence.

Diamond Rings Looted. Portage La Prairie, July 3.—Thieves entered the Charles Lewis jewelry store yesterday in broad daylight, shortly after closing at 6:30 o'clock and stole \$3,000 worth of jewelry, chiefly diamond rings and 27, the only money in the cash register.

DREW CAMMINETTI

FORT GEORGE ON
THE RAILWAY BY
COMING ATTEMPT

It is Expected That by That Time There Will a Population of At Least 5000

PLACE IS THE SCENE
OF INTENSE ACTIVITY

Everything Considered, It is Counted as Perhaps the Most Progressive City in the Dominion of Canada Today

That the outlook at Fort George was more favorable than has been led to expect, was stated today by A. Hagar, of the Hagar Realty company, who has returned to the city after an extended visit to Fort George, which he undertook in the interests of the Interior Development Company Ltd., a recently formed Edmonton corporation, which has obtained extensive holdings of lands properly at Fort George.

Mr. Hagar stated that Fort George is the scene of intense activity at the present time. Policy, Welch and Stewart having moved their head camp, in connection with the construction of the line of the main line of the C.N.R. to that point. It has been currently stated among men associated with the railway work, Mr. Hagar stated, that the steel will reach Fort George by the fall.

Some indication of the faith which is put in Fort George property could be obtained, Mr. Hagar said, from the class of people who have taken the trouble personally to investigate conditions there. At the present time, the journey to the Fort is both a tedious and an expensive one, and yet Mr. Hagar stated that he had met prominent American and English men and representatives studying local conditions for the purpose of securing a railway route at Fort George property. The National Resources Society, which is concerned in which a large amount of French capital is invested, has, according to Mr. Hagar, a representative located at Fort George, in the person of Mr. O. Hanson.

Rapid Growth Shown. Last Friday a year ago Fort George's population, on a generous estimate, did not exceed 1500; but, by the fall, it is expected that there will be at least 5000 inhabitants. According to popular estimate, a year hence, when the railway will be in thorough working order, the city will have 10,000 residents.

"We are coming to recognize," said Mr. Burleigh, "that there is something more than the soil and the climate to recommend Canada's property."

Adverting to the statement of the Hon. Dr. W. J. Roche, minister of the interior, who expressed the opinion that England would soon object to the emigration propaganda work being carried on among her agricultural classes, Mr. Burleigh said that it was inevitable that such a statement should have been made.

Problem Becoming Acute. In support of his contention Mr. Burleigh remarked that Alberta, with its sane and progressive administration, was obtaining the very pick of the immigration, while British Columbia, which has been equally blessed by nature, but which has a more or less retrograde and reactionary legislature, is being more or less ignored by the new settlers.

EDMONTON CLEARINGS
SHOW GOOD GAIN

Figures for Week Show Healthy Increase Over Same Period For Last Year

The bank clearings for the past week show an increase of about \$200,000, compared with the same period a year ago. Last week the clearing house returns totaled \$3,728,821, while in 1912 the amount was \$3,535,562.

LETHBRIDGE CLEARINGS GOOD

Lethbridge, Alta., July 3.—Lethbridge bank clearings \$137,551.90; last year \$140,231.76.

Provincial Premiers to Hear
Scheme for National RailwayLEANDER DEFEATS ARGONAUTS
IN KEEN CONTEST AT HENLEY

Butler of Toronto Beaten by Wise of England in the Diamond Skulls by Two and a Quarter Lengths—Winner Assisted From His Boat.

Henley-on-Thames, July 3.—Butler, Toronto, lost to Wise, England, in the diamond skulls by 2 1/4 lengths.

Wise, striking 37 to the 23 of Butler, led slightly at the start. Wise continued to go forward and at the half mile led by half a length, leading by the same distance at Fawley which was reached in four minutes five seconds. Butler then spurred and went up a little, but Wise maintained his lead and won by two and a quarter lengths in eight minutes forty seconds. Butler was so distressed at the finish that he had to be assisted from his boat.

Grand Challenge Stays in England. Henley-on-Thames, July 3.—As was expected a keen struggle was witnessed between the Toronto Argonauts and the London Rowing Club. Both crews went away at a very fast stroke, the Argonauts striking 47 to the London Rowing Club, 42. The Argonauts rowed the faster stroke, but Leander still held their own and gained faster.

Leander were nearly clear at the mile and soiling all out finished a length and a quarter ahead in 6 minutes 31 seconds, equalling the record made by Leander in 1891 and by new college Oxford in 1897.

In the second heat Jesus College, Cambridge, defeated the London rowing club by 2 1/4 lengths in 7 minutes 2 seconds.

The defeat of the Toronto Argonauts ensures the grand challenge cup remaining in England for another year at least, Canada having the only entry outside of the British Isles.

The contest was a keen one, the royal regatta was resumed today.

Argonauts Lose Stewards Cup. B. D. Pinks, of the London Rowing Club, beat E. L. Watts, of the Thames Rowing Club, and C. McVie, of the Devon Rowing Club, 42 to 47. Lucas Salter of the London Rowing Club.

In the same event in the second round H. T. Bigland, of the Royal Gresham rowing club beat H. P. Aldred of the same club.

In the race for the Stewards' challenge cup, the Maitland Rowing Club, from the Maitland Rowing Club, defeated the London rowing club by 2 1/4 lengths in 7 minutes 2 seconds.

Deadly Parallel Shows
Parentage of Espionage

Mayor Short Evident Father of System as Shown by Letter He Chased Commissioners to Send Out, and Follow-up Note Written by Bowness.

Evidently there is a finger in the woodpile somewhere in regard to Mayor Short's espionage system. For the purpose of comparison two claves Short's espionage system. For the purpose of comparison two claves Short's espionage system. For the purpose of comparison two claves Short's espionage system.

The cause in the first column is the original letter fathered by the mayor and sent out through the commissioners to the heads of departments. It will be noticed that this cause distinctively invites criticism of the department heads, and such criticism is to be treated strictly in confidence.

The cause in the second column is from a follow-up letter sent out by the Mayor's office. It will be noticed that this cause distinctively invites criticism of the department heads, and such criticism is to be treated strictly in confidence.

PLAN TO ACQUIRE
CAN. NORTHERN
TO BE SUBMITTED

Proposed to Take Over Whole System From Coast to Coast at Once.

GOVERNMENT TO MEET
BONDHOLDERS SHORTLY

Ottawa Dispatch Says Dominion Government Willing to Take Up the Problem at Coming Conference.

Ottawa, July 3.—It is reported that the acquisition of the Canadian Northern System main line and branches in every province of Canada by the Dominion government will be considered at the conference of provincial premiers and representatives.

It was originally intended that the chief matter to be considered was that of federal representation and dominion aid. However, an intimation has been received of an informal character from some of the provincial governments and from the Dominion government.

It is understood that the Dominion government is willing to take up this problem, and that it will probably constitute the most important item on the programme at a forthcoming conference, where premiers and other members of the provincial governments, the premier and other representatives of the Dominion government, and representatives of British bondholders will be assembled.

The plans have not been finally worked out and the proposition which will be made to the Canadian Northern authorities will not be perfected until the conference takes place.

GOVERNMENT TO BUY
NEW BRUNSWICK ROAD

Minister Negotiating for Purchase of Intercolonial System.

Ottawa, July 3.—It was learned today that the Minister of Railways is negotiating for the acquisition of the Intercolonial railway of New Brunswick. This line runs through the centre of New Brunswick. It is a now line, having been constructed by the present owner, Thomas, Malouin, only two years ago. It penetrated an undeveloped portion of New Brunswick and its operation has given a great impetus to mining in the centre of the province. The line crosses the province from east to west. It extends from Campbellton on the Bay of Chaleur to the International boundary at St. John's river. When the river is bridged the branch will connect with the Intercolonial railway, which will give a good connection with the Intercolonial main line and crosses the transcontinental route from the 112 mile Pacific branch line in New Brunswick. The opening of new country has led to increased immigration and the line has over 1000 acres has been settled up along the line since it opened.

MARCONI COMMITTEE
CLOSES ITS INQUIRY

As Government Had Decided to Take No Proceedings Nothing Left For Probe to Pursue.

London, July 3.—The last chapter of the Marconi case was closed today when it was announced that as the government had decided not to take proceedings against the Marconi company, the Marconi committee decided that it was unnecessary for them to pursue their inquiry further.

FORTY THOUSAND STRIKERS BEGIN WALK TO LONDON

Midland Workers Set Out from Birmingham Bulling to Make a Demonstration

MEN SPLIT UP INTO THREE CONTINGENTS

Four Days to Be Spent in Metropolitan During Which Time Special Meetings Will Be Addressed by Labor Leaders.

London, July 3.—Forty thousand midland strikers commenced yesterday a march on London. The demonstrators set out from the historic bull ring in Birmingham, with England's sea captain, Admiral Nelson, looking on from a commanding statue of bronze. The men were divided into three contingents and two thousand strikers gathered to enter as the word to march was given. One of the bodies goes through Coventry and the other through Warwick, and all three will join forces at Barnet and march into the metropolis, their objective point being Trafalgar Square and the Nelson column.

They therefore march with the historic columns of the great admiral and after their travelling. Four days are to be spent in London, during which special meetings of the strikers will be addressed by the leaders of the labor party in parliament and others.

RHEUMATISM KEPT HIM IN BED "Fruit-a-tives" Cured Him

Suffered Tortures Until "Fruit-a-tives" Cured Him

McMILLAN'S CORNER, ONT.
"Your remedy, 'Fruit-a-tives' is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did no good. Plasters took no effect on me—except to blister me and make raw spots. I took many advertised remedies without benefit, but fortunately, about two years ago, I got 'Fruit-a-tives' and they cured me."

Since then, I take 'Fruit-a-tives' occasionally and keep free of pain. I am satisfied 'Fruit-a-tives' cured me of Rheumatism and they will cure anyone who takes them directed as they are. This letter would be of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure. See a box, 6 for \$2.50. Write to J. C. McMillan, Fruit-a-tives Limited, Ontario.

HOPE OF AVERTING BALKAN CONFLICT IS GONE FOREVER

Servians and Bulgars in Battle Line Miles in Length.

BLOODIEST FIGHTING OF WHOLE BALKAN WAR

Bulgarians, Fighting Desperately, Receive Terrible Punishment in Sanginary Engagement Before War Has Been Declared.

(Continued from Page One.)

Although the war has now raged for 60 hours, the Balkan minister and his staff are still here. Telephonic communication between Belgrade and Sofia has ceased.

All Hope of Peace Vanished.
London, July 3.—Any remaining hope of averting a Balkan war is rapidly disappearing. Bulgaria has sent warning notes to Servia and Greece demanding a cessation of all aggressive movements before the day ends. These notes are regarded as tantamount to an ultimatum.

A Belgrade despatch via Paris last night announced that the King of Servia is presiding at a council which is expected to declare war on Bulgaria. Greece, in notes to Bulgaria and the powers justifying her action, accuses Bulgaria of treacherously attacking the Greeks and Servians in order to seize important territories and so place herself in an advantageous position in the coming negotiations for a settlement of the Balkan differences.

In the meantime fighting continues, according to Servian advices, on a heavy scale and the King of Greece, with his staff, has left Salonika for the front to direct the operations personally.

The representatives of the powers at all the Balkan capitals are urgently pressing the respective governments not to allow unfortunate occurrences to drag them into war.

Greeks Assist Servians.
A Belgrade despatch to the Daily Telegraph reports that the Greeks went to the assistance of the Servians and after heavy fighting re-captured Gushch. The Bulgarians met with a real disaster when, in an attack on the Servian positions at Retikubue, on the bank of the Zekova river, they attempted desperate assaults with the bayonet. These failed and the Bulgarians left behind 1,000 dead and wounded.

Bulgarian Detachment Captured.
Since early yesterday morning there has been a bloody fight along the entire front, which includes Retikubue, Elovovo, Kotebach and Isip. The Bulgarians opened the attack and many hand to hand bayonet encounters took place. Both sides lost heavily. One Servian division captured an entire detachment of Bulgarian infantry, over 1,000 men and 150 officers, with ten guns.

Greeks Attack Bulgarians.
An Athens despatch to the Daily Mail says that the Greeks yesterday attacked the Bulgarians on the River Vardar. Large forces were engaged. The Greeks at first were victorious, but later the Bulgarians were apparently gaining the advantage.

**DODD'S
KIDNEY
PILLS**

KEPT HIM IN BED
"Fruit-a-tives" Cured Him

McMILLAN'S CORNER, ONT.

St. John, N. F., July 3.—Five men were killed and a girl was seriously injured when a boiler in a new mill at the Alexandre Bay lumbering company's station exploded yesterday.

The station is located in a remote spot on the railroad in the interior of the island.

MATCHES CAUSE DEATH.
York, N. D., July 3.—While playing with matches, the children of Mr. and Mrs. C. S. Barie of this place today started a fire that resulted fatally for Clavia Barie, aged two years. The home was destroyed.

FRENCH AIRMAN MAKES LONGEST FLIGHT SO FAR

He Goes From Paris to St. Petersburg and Back, Covering 3100 Miles.

HAILED AS A HERO BY THE GERMAN EMPEROR

Over Part of His Journey He Traveled at a Speed of 140 Miles an Hour—Anxious Time Over the Baltic.

Paris, July 3.—Brindjone des Moutins, the French airman, at 4:20 o'clock this afternoon, left the Goubaix aerodrome near Versailles thus terminating his wonderful flight of about 3,100 miles. He had left St. Petersburg and back, and establishing a record for the longest aerial voyage so far accomplished. He was escorted on the last stage today by two French airmen. Five thousand persons were awaiting him at Goubaix.

M. Brindjone is not yet 25 years old. He will begin his military service in October.

He said today that his most anxious time was during the flight of more than 100 miles over the Baltic. Several times he saw what he thought were clouds approaching and vanishing, but he was relieved to find that they were a group of islands near Stockholm seen through the dancing rays of the sun.

The airman's passage along the bays and on his way to a reception at the main office was like that of a victorious general returning from a campaign.

"The Frenchman is a hero," the Kaiser said when told that on the first day of his great flight M. Brindjone had covered 300 miles in eight hours, an average of 140 miles an hour.

Brindjone was welcomed at Berlin. Brindjone travelled at 140 miles an hour.

REFUSE TO TEST FRIEDMANN CURE

German Medical Association Refused Request to Give Tuberculosis Vaccinating a Test

Berlin, July 3.—The Berlin medical society at its meeting yesterday refused an overruling majority the request of Prof. Ludwig Sehech, the associate of Dr. Friedmann, to appoint a committee to test the Friedmann vaccine for tuberculosis in any way which might appear to be most useful.

The decision of the society was resolved with cries of "Bravo." The president of the society, speaking informally after the refusal of the society, declared that if Dr. Friedmann really desired a test he could have it by placing his remedy at the disposal of the different hospitals. This statement was applauded.

WELLAND CANAL TENDERS CALLED

Contract For Four Million Dollar Dry Dock at Levis Will Be Let in Few Days.

Ottawa, July 2.—The department of railways is arranging to call for tenders for section 1 of the new Welland canal in the course of a week or so. This is the largest part of the job, and it is desired to have operations started as early as possible. Three of the light locks and an isolated one are to be built. Tenders for section 1 will be let in a few days. Another large job about to be awarded is the contract to build the government dry dock at Levis. The cost will be about \$1,000,000, and the proposals have been recommended.

New tenders for the Prince Edward Island car ferry terminals on the island end have been called for and closed this afternoon. The contract was formerly let to the Halifax Dredging company for \$500,000, but the company declined to proceed with the contract because the engineer refused to allow the use of Prince Edward Island sandstone.

The deposit of the company was forfeited.

Tenders for the Halifax railway terminal connection with I.C.R. with the new harbor front, a distance of three miles, are being considered.

FIVE KILLED, GIRL INJURED IN NEWFOUNDLAND EXPLOSION

St. John's, N. F., July 3.—Five men were killed and a girl was seriously injured when a boiler in a new mill at the Alexandre Bay lumbering company's station exploded yesterday.

The station is located in a remote spot on the railroad in the interior of the island.

MATCHES CAUSE DEATH.
York, N. D., July 3.—While playing with matches, the children of Mr. and Mrs. C. S. Barie of this place today started a fire that resulted fatally for Clavia Barie, aged two years. The home was destroyed.

PANAMA CANAL NONE TOO SURE IN NEXT FIVE YEARS

Expert for Leading German Steamship Line Reports Regarding Landslides

WATERWAY EXPECTED OFTEN TO BE CHOKED

Generally Speaking, Marine People Are Not So Certain of the Success of the Undertaking as They Were.

London, July 3.—Experts sent to Panama by a leading German steamship line which contemplates big developments when the canal is available, have reported, it is learned, that in their opinion, the large ocean-going liners will not be able to pass through the waterway for another five years at least.

They base their opinion on the frequency of land slides in the Culebra cut, which, he been so severely recently, that the steam ships are making no progress in that part of the work. It is probable, the reports admit, that next January, if not sooner, several torpedo boats will be sent through by the German government.

Indeed, it is said the cut is deep enough to allow small vessels to go through, but there is no assurance of permanency.

Moreover, the engineers are said to realize that when the water is let in there will be some erosion, and unless proper preparations are made it will cause the slides to block the canal. Another danger is said to arise in connection with life earthquakes which may endanger the stability of the lock stacks.

Generally speaking the shipping people as well as the underwriters on this side of the Atlantic, are not now quite so certain about the Panama route as they were some time ago.

Some members of the Lloyd's here said they did not cover the risk unless at premium which will probably be considered prohibitive. It is said that those responsible for the enterprise admit that the plans should have provided for a sea level waterway.

WOULD FORFEIT JOHNSON'S BOND

United States District Attorney After Fighter's \$30,000 Personal Surety.

Chicago, July 3.—United States District Attorney Wilkerson entered a motion in the federal court yesterday asking that the personal bond for \$30,000 given by Jack Johnson, negro prize fighter, on eleven indictments under the Mann White Slave Act, for which he has not yet been tried, be forfeited. Arguments on the motion will be heard today.

Appeal bonds for \$15,000 also are pending against Johnson. These were signed by Matthew Baileys, a real estate dealer, when the negro was granted permission to carry his case to the United States circuit court of appeals.

In the bonds given in the untold incidents is a provision that if negro must not leave the jurisdiction of the district court of Northern Illinois. It is because of this provision that Mr. Wilkerson has asked that the bonds be forfeited.

The indictment charge that Johnson paid for the transportation of Bella Schreiber between Milwaukee and Chicago Christmas week, 1910. Johnson now is on a ship bound for Europe.

LAUREATESHIP FOR DR. ROBERT BRIDGES

It is said that It has been Offered to Him by Asquith and He Will Accept.

London, July 3.—The Pall Mall Gazette states that Premier Asquith has offered the post laureateship to Dr. Robert Bridges, who will very probably accept it.

Bridges is 69 years old. He was formerly a medical practitioner and a distinguished scholar, highly esteemed by brother poets. His works include eight poetic plays.

TURGEON SAYS BORDEN VIOLATED PLEDGES

Before City Liberal Association or Police Liberal Accused Premier of Limiting Provinces' Autonomy.

Prince Albert, July 3.—Hon. W. P. A. Turgeon, attorney-general, addressed the city liberal association last night and accused the Borden government of breaking its pre-election pledges and with attempting to deprive the provinces of their autonomy.

DANGER IS OVER FROM BUS FIRES FOR THE PRESENT

Rain, Although Only Brief, Helps to Beat Down the Flames Threatening Towns.

TEN THOUSAND TONS OF DYNAMITE IS REMOVED

Members of the Fire Brigade Work All Night and Far Into the Morning to Take Away This Peril to Cobalt.

Cobalt, Ont., July 3.—Rain yesterday morning brief though it was, beat down the bush fires and coolness has succeeded the extreme heat. There are rumors of calamity, but they have not been substantiated.

The fire crew close to Cobalt Tuesday night and a power magazine containing 10,000 tons of dynamite was in danger. Members of the fire brigade worked all night and far into the morning to take the explosives out of the magazine and to the hospital ground at Cobalt Park. This was safely accomplished.

At Haldimand, too, the officers were so alarmed that many were out with hoses to drench any falling sparks. Three houses on the outskirts of the town were destroyed. The danger is over until further hot weather and the resumption of strong winds, as nothing but several days of rain could make the situation absolutely safe.

The mountain mine fire equipment was brought in good use on Monday when it practically saved the town of Schumacher just east of Timmins in the Porcupine district. As the fire crept close to the south portion of the mine, only back firing and use of the mine fire equipment saved the town. Schumacher was destroyed by fire July 1, 1911, eleven days previous to the Great Porcupine conflagration.

At Melbourn the residents packed up all belonging and prepared to vacate should the fire creep any closer. All the male population fought the fire, and by back firing managed to save the town, while the wind changed when it seemed as if their efforts would be unavailing.

In Henswood and Galt townships, just east of Earton many small houses lost homes in the fires. The burgess saw mill on the sixth concession was destroyed with several hundred thousand feet of lumber.

Crops throughout the townships were practically destroyed or seriously affected by the fires.

200 VICTIMS IN NEW YORK CITY

Five Deaths Result There Because of Heat—Suffering in Philadelphia.

New York, July 3.—Five deaths and over 50 heat prostrations were officially recorded in New York yesterday. In addition every hospital here treated emergency patients whose cases were not reported to the police. It is estimated that a total of those overcome numbered more than 200.

The forecast relief from the torrid wave did not materialize until late in the afternoon with cloudiness and a brief shower.

Instead the maximum temperature was the year's highest 92 at 2 p.m. Yesterday it was 90 at 5 p.m. and today's humidity fortunately was not lower, or the death and prostrations roll would have been far larger.

Philadelphia, July 3.—The hottest weather experienced here in two years occurred yesterday when the thermometer registered 97 degrees at half past 4 o'clock in the afternoon.

Two deaths and numerous prostrations were reported in this city while a number of deaths and prostrations occurred in other parts of the state.

Baltimore, Md., July 3.—Three deaths and nearly a score of prostrations resulted from the heat yesterday. A maximum temperature of 98 degrees was recorded by the weather bureau at 3 p.m.

FRENCH-CANADIANS IN PARIS CELEBRATE DAY

British Policy and Religious Tolerance Day.

Paris, July 3.—A banquet took place Tuesday night under the auspices of Societe La Canadienne in celebration of Dominion Day. Among those who spoke at the gathering were Charles Dumont, the French minister of finance; Philippe Boy, the Canadian commissioner in Paris; Chevalier Devlin of Quebec, and a large number of other French-Canadians.

Jacques Bardoux, who presided, referred to the British policy of political and religious tolerance, and the fact that such loyal subjects of France as the French-Canadians, M. Dumont spoke of the French-Canadian reception in England as having sealed a fraternal cord of amity, which, as the Canadian speaker had testified, was the subject of special rejoicing among French-Canadians.

MANY THEFTS ON TRAINS.

Woodstock, Ont., July 3.—Reports have reached the local police of recent losses through thefts on the Grand Trunk trains amounting to nearly \$500. An organized gang is working on the Grand Trunk between Windsor and the Falls.

FEWER SALOONS BUT MORE "BOOZE" CONSUMED IN U.S.

Americans Drink More Whisky and Smoke More Cigars Than Ever Before.

GIN MILLS DECREASE BY SEVENTY THOUSAND

But Amount of Hard Liquor Drank Increases by Seven Million Five Hundred Thousand Gallons—Beer by Sixty-four Million Barrels.

Washington, July 3.—The American people drank more whisky and beer, smoked more cigars and cigarettes and chewed more tobacco during the fiscal year 1913 than in any other yearly period of the nation's history, according to estimates based upon the records of the internal revenue department of the government for the twelve months ending June 30.

The drinkers of the country consumed 143,000,000 gallons of whisky, and brandy, an increase of 7,000,000 gallons over the previous year, and breaking the former record of the fiscal year 1907 by 7,000,000 gallons. Sixty-four million five hundred thousand barrels of beer were consumed, exceeding the great record of 1911 by more than 1,000,000 barrels.

Some 4,000,000 cigars and cigarettes, valued at \$1,000,000, were consumed during the year just closed. This was 217,000 more than in 1912 and 2,000,000 more than ever before had been consumed in a single year. Patrons of the pleasure snuff took 400,000 pounds of tobacco, or 9,400,000 pounds more than the consumption of 1911. Users of the chewing tobacco increased their consumption of 39,200,000 pounds, an increase of more than 8,000,000 pounds over the year just closed.

Despite the heavy record consumption of intoxicants returns to the internal revenue bureau showed that the production of the country decreased 76,000 during the year, the retail liquor dealers numbering only 450,000.

Assessments on drinking and smoking, in corporations and on margarine and other articles taxed by federal government, brought into the U.S. treasury \$14,126,854, the greatest amount in history, exceeding the previous high record of 1911 by \$21,500,000.

FREE TO LEAVE NAVAL SERVICE

In Order to Stop Desertions Discharges Will Be Given to Those Asking Them.

Ottawa, July 3.—Men in training for the Canadian navy will be allowed to take their discharges. There are about 100 men still with the Nioho and the Rainbow, of the 700 who were enlisted to take training which would qualify them to man war craft.

There have been so good many desertions by men who could see no future for them in the Canadian navy under the present regime that the navy department does not desire to have the naval service with the disgrace of desertion attaching to them. Therefore, an order has been made under which any man who has enlisted can have an honorable discharge by asking for it.

PROPRIETORS NOT FOR ARBITRATION

Some of the Vancouver Mine Owners Say Time for Adjustment Has Passed

Vancouver, July 3.—Though Hon. T. W. Crofters left Ottawa Tuesday on his way to British Columbia to attempt to settle the coal mine strike on Vancouver Island, some of the owners, at least, declare that the time for adjustment has passed.

W. L. Coulson, general manager of the Canadian Collieries owned by Sir William McKinnon, and assistants said yesterday that if Mr. Crofters intended to offer his services as mediator, the Canadian Collieries company would decline his good offices, for there was nothing to arbitrate.

Coulson added that in his company's mines at Cumberland there were 1500 non-union men now working, which was just 300 short of the former normal amount. About 3,000 union miners are now out of work on Vancouver Island.

TRAIN HITS CHILDREN.

Dauphin, Man., July 3.—Two Ruthenian children, a brother and sister, aged 10 and 8, were struck and killed yesterday afternoon by an east bound C. N. R. train about one mile west of the town. They were walking at the end of the line and were not noticed by the train crew until too late to avoid the accident. They were brought to the train and placed in the Dauphin general hospital where after treatment the little girl was able to be taken home, but the boy was in much more serious condition, having been badly injured to his back but the doctors hope to be able to pull him through.

A WONDERFUL DAY OF FRIDAY BAR-GAINS IN "THE BAY'S" GREAT JULY CLEARANCE AND REBUILDING SALE

Tomorrow will witness another of the wonderful economy days of our great sales. A day during which the housewife may share in offerings of seasonable merchandise at prices unheard of before. Just the things you need most—the things you have wanted and have hesitated about buying on account of the price—at prices so low as to tempt the most sparing pocket-book. We haven't simply reduced the prices on some of our Spring and Summer goods—odd and broken lots—but have reduced the prices on everything in our great establishment. Our extensive alterations make this absolutely imperative and our pre-inventory stock-taking is another great and important reason for stock-reducing. Don't hesitate—let the July Clearance and Rebuilding Sale (the "Economy Twins") save you money.

HYMENEAL.

CAROL CRANSTON.
A pretty house wedding was that of Miss Margaret Ruth Cranston, only daughter of Mrs. R. Cranston, 1411 Fraser avenue, to Mr. William (Largo) of this city. The ceremony was performed at high noon by the Rev. Dr. McNeven. To the strains of the wedding march, played by Miss Williams, the bride entered the drawing room on the arm of her brother, Mr. William Cranston of Saskatoon. Her costume was of soft white satin chapeau trimmed with shadow lace and pearls and brilliants. Miss Jessie Melville, who acted as bridesmaid, wore pale pink satin and carried pink violets. Mr. Alex. Ferris was best man. The ceremony was performed under a canopy of roses.

Mr. and Mrs. Largo left on the afternoon train for the coast, where the honeymoon will be spent. The bride travelled in a blue serge suit with tulle and trimmed with forget-me-nots and velvet.

JESSIE WILSON TO WED.

Washington, July 3.—The President and Mrs. Wilson announced last night the engagement of their second daughter, Miss Jessie Woodrow Wilson, to Francis Bowers Sayre, of Lancaster, Pa. The wedding is expected to take place next November at the White House. Mr. Sayre is at present in the office of District Attorney Whitman of New York.

GOOD WORK AMONG GIRLS.

A report of the work being accomplished by the Beulah home among stray girls and women was read at Beulah hall by Miss White, who is mistress of the home. The report itself was eloquent of the splendid rescue work that is being accomplished by the home—it needed no explanation by the matron. All the same, Miss White's short exposition of what is being done has been most interesting to those who had assembled to hear it.

The statistical report was as follows:—No. of girls assisted, 28; number of girls returned to friends, 7; number of girls returned to employment, 8; number of girls in home at present, 13; number of babies born in home, 12; number of girls in home at present, 8; number of services held in home, 65; number of girls who have left home, 14; number of girls who have been of age, 5; cost of maintaining home for the six months, \$1,887.

As many of those assembled have no means whatever the revenue from all sources, gifts, grants, etc., amounted to \$1,197, leaving a deficit of \$690. In response to an appeal from the superintendent, Miss M. E. Chalmers, the congregation gave a generous offering of over \$180 towards the wiping off of the deficit.

To Have Perfect Skin
Throughout the Summer

(From The Guide to Beauty).

These days the face and neck need special care and attention. Plying dust and dirt, the leading cause of skin troubles. Their despoiling effects are best overpowered by the application of pure cleanser. This keeps skin and pores in a clean condition, the complexion is beautiful, and wrinkles, freckles, blotches and redness are relieved. It is so simple to use. One ounce of mottled water, obtainable at any drug store, is sufficient to completely remove a soiled complexion. It is used like cold cream, allowed to remain on over night and washed off in the morning.

As the skin tends to expand in warm weather, causing wrinkles to form, astringent lotion should be used. Dissolve one ounce powdered alum in one-half pint water with hazel. Rub the face with this during the heat of the day, and you are out for beauty or social affairs. It is a remarkable skin tightener and wrinkles eraser.

GET IT AT THE BAY

THE GAY WORLD.

Mrs. A. G. Macdonald and Miss Alice are leaving this evening for Banff, where they will be the guest of Mrs. H. G. Macdonald of Calgary, at her summer cottage.

Mr. Macdonald of Calgary will be in town for a few days.

Mr. and Mrs. D. C. Stott, late of Portland, Maine, have just moved into their new bungalow, Jasper Place.

A great many drove out to the Country Club on Dominion Day. It is very beautiful about there just now.

Dr. Park returned yesterday from attending the Dominion Medical Council in Ottawa and the annual convention held in London, Ontario. Next year the convention will be in St. John, N.B.

Mr. Egan Agar, who has been attending Upper Canada College, Toronto, is spending the holidays with his parents, Mr. and Mrs. A. B. Agar, Sixteenth street.

Miss Anna Smith, Norwood Boulevard, is leaving in a few days for an extended visit with friends in the east.

Mr. Don Bradley has returned from Phillips Academy, Illinois, and is staying with his parents on Eighth street.

Miss Ethel Langley, Mr. Neil and Mr. James Langley spent the week-end at Jasper Park.

Miss Frank Blackburn was the hostess of an informal little bridge dance for a few months' trip. They will be the guests of Mrs. Blackburn's, Miss Fox, of Tacoma.

The hostesses were a becoming couple of young ladies in white and pink. Miss Fox was in a frock of white embroidery with pink velvet trim.

The guests were Miss Fox, Miss E. L. E. and Mr. and Mrs. Jenkins, Miss Mary Jones, Miss R. Davies, Miss Helen Gordon, and Messrs. Akroyd, Trimble, Hogg, Scott, Bert Huff and Blood.

Mr. and Mrs. A. O. Orr and Mr. and Mrs. A. L. Orr are leaving Sunday morning for a two months' trip. They will go first to Eastern Canada, then to Chicago and then down to Virginia.

Mr. and Mrs. J. T. B. Ashers, 443 Garsa street, are receiving congratulations on the arrival of a little daughter.

Miss Pansy Kemp, Miss Curry and Miss Alice Edson leave on Monday for Lake Abasco, where they will camp for a few weeks.

Miss Montgomery, who has been visiting Mrs. Greenaway, Twenty-third street, is spending the week in Indiana, where she will be the guest of Mrs. Montgomery.

Mr. and Mrs. Glen C. Chadwick, in Banff, Field and Lagan for a fortnight.

Mr. and Mrs. E. W. Bowness have come to town and have taken a suite in the Lenoxland. Mr. and Mrs. Bowness were married about a week ago in the First Presbyterian church, Seattle. Mrs. Bowness was Miss Virginia Bell Grant of Los Angeles.

Mr. Alfred McIntosh and his little daughter, Port William, are in town with Mr. and Mrs. Duncan Marshall.

Mr. and Mrs. Webb and their three sons have come to town from Luen, Ontario, and have taken the Fortuna house for a year.

W. T. Woodroffe and family left on the afternoon train for the coast. Mrs. Woodroffe and the baby will spend a couple of months in visiting relatives. Mr. Woodroffe will return to the city on Tuesday, as he cannot afford to be away longer from the department at this time.

Mr. and Mrs. B. W. Bowness returned yesterday from their honeymoon trip. They spent a few days at the coast before returning to Edmonton.

Mr. and Mrs. George F. Doves were host and hostess at a delightful little house dance in favour of Miss Doves, who is leaving for Toronto.

The hostesses were a smart frock of pink rayon with trimmings of Irish crochet. Miss Doves wore soft coral satin with embroidered tulle in coral tones. The house was fragrant with the perfume of quantities of shell pink roses.

The bridge prizes were won by Miss Wilson and Mr. McIntosh, the former receiving a cut glass toilet bottle, the latter a brass ash tray.

The guests were Miss Miller, Miss Skinner, the Messrs. Agnes and Muriel Wilson, Miss Edith Martin, Miss Mabel Grant, Miss Gladys Mayor, Dr. Don, Dr. McNally, Mr. Arnold Miller, Mr. McIntosh, Mr. Charles Grant, Mr. L. W. Yule.

Mr. and Mrs. James Scott of Grande Prairie are in the city on their return north, after a trip through the east.

Mr. and Mrs. Gardell and Miss Edith Summersville have gone to Banff and Lagan.

Mr. and Mrs. Archibald Hood, of 615 Fox street, with their guests, Miss Macdonald and Miss Knight, spent a very busy week-end and the guests of Mr. and

Mrs. Weatherill, at their summer cottage on Hesling's Lake.

Miss Sadie McCormick came in to town yesterday to spend the summer vacation with her parents. She was accompanied by Miss Campbell, of the staff of the Alberta Ladies' college, Red Deer.

Mrs. J. G. Campbell of this city and her daughter and granddaughter, Mrs. W. C. Black and Miss Jean Black, of Calgary, have gone to the coast.

Mr. Frederick Strass of New York city, who was in Edmonton seven years ago, has returned to town to make it his home.

Miss Dyle and her brother, Mr. Alex. Dyle, leave Friday to join their parents in Victoria. The family will spend some two months at the coast.

GARDEN FETE NEXT TUESDAY.
On Tuesday evening next, July 8th, there will be a garden fete on the grounds of the General Hospital. The affair promises to be one of the most novel of its kind yet held. Special attention is being paid to the decorating of the beautiful grounds. There will be a military band in attendance, and one of the features of the evening will be the Grand March in which everyone present will take part.

The purpose of the fete is to raise funds sufficient to buy a piano for the nurses' new home.

VERANDAH TEA AND SUPPER.
On Tuesday next, July 8th, the ladies of the W. A. are giving a verandah party at All Saints Home, 245 Seventh street, from 5 to 10 p.m.

There will be competitions and entertainments. A business men's supper will be given by the ladies from 5 p.m. to 7 p.m., and afternoon tea and lunch from 3 p.m. to 6 p.m. Home cooking and canning will also be on sale.

THE HUMAN PROCESSION.
Mrs. Gilman, 83 TODAY, SAYS ENGLISHMEN ARE SUPERIOR.

Charlotte Perkins Gilman, who is perhaps the world's greatest feminine authority on economics and sociology, doing so in the best manner, is, in fact, superior, taken up on one side and down the other, of her sister on this side of the Atlantic.

American women may take a horrible revenge in contemplating the fact that Mrs. Gilman will pass her fifty-third birthday today, as it is stated on the best authority, and has never been questioned, that she was born in Hartford, Conn., July 3, 1860.

Mrs. Gilman's first attempts at authorship were made under her maiden name of Charlotte Perkins. She was 24 when she married C. W. Stetson, and under the name of Charlotte Perkins Stetson she gained an international reputation as a writer of stories, poems and articles in the magazines, and as a lecturer on such topics as the advancement of women and the labor question. Her first book, "Women and Economics," was published in 1898, and added greatly to her reputation as a clear and logical thinker. In the same year she published a volume of verse, "In This Our World." Her masterful psychological story, "The Yellow Wallpaper," is perhaps the most powerful literary presentation ever made of the influence of environment on a morbid mind, and is worthy of the pen of a de Maupassant. In 1900 the author assumed her present name by her marriage to G. H. Gilman, a New York lawyer.

Mrs. Gilman is a great-granddaughter of Lyman Beecher, the grandniece of Hattie Beecher Stowe, and Henry Ward Beecher, and the daughter of Frederick Beecher Perkins, an author, for many years a librarian in San Francisco.

By reason of numerous lecture trips through Europe, and long residence in England, Mrs. Gilman has become familiar with the women of many countries, and her comparisons are interesting. She says:

"The broadest and most conspicuous difference between English and Amer-

ican women of fairly parallel circumstances is the superiority of the Englishwoman in her knowledge of and interest in the affairs of the nation, and, for that matter, of the world. She knows more, cares more, and talks with more ability in regard to public matters.

Englishwomen as individuals seem to have more independence of taste than American women, wearing with easy calm whatever garments seem suitable to them, but, in paradoxical contradiction to this, Englishwomen as classes seem far more uniform in apparel. As a whole American women follow the fashions more submissively and are apt to make shallow comments on the independent taste of the coarser, less sisterly, but this adherence to fashion distinguishes her who demands to be called a 'society' or 'typical' or the typical or the parlor maid, as well as Mrs. Millinaire."

THEIR WORRIES ARE ENDED.
Pupils of Mr. V. A. Berneer were successful in passing the examinations of the Associated Board of the Royal Academy of Music, and the Royal College of Music, of London, England, as follows:

Rudiments of music, local centre—Miss Georgina Watt and Miss Irene Henderson.

Pianoforte, school examinations, primary division—Miss Flora Bradlow, Miss Beattie Gordon, Miss Helen McGarry, Miss Helen McGuinness, Miss Evelyn Shaw, Master Edwin Organ.

Elementary division—Miss Helen Curran, Miss Queenie Kelly, Miss Margaret Sinclair, Miss Dorothy Grant, Miss Ariel Dowling, Miss Anna Gehel, Miss Ethel Dowling, Miss Ada Long, Miss Helen La Fleche, Miss Rose Shaw.

Lower division—Miss Angelina Lougan, Miss Beatrice Taylor, Miss Irene Henderson, Miss Beulah Van Buskirk, Miss Nellie Baston, Miss Miriam Bowman and Mr. Howard Bonford.

Higher division—Miss Margaret Bonford, Master William McNab, Miss Antonette Shillman.

Pianoforte, local centre, intermediate grade—Miss Georgina Watt, Miss Vera Thompson.

Advanced grade—Miss Edna Fowler (Edmonton).

Pupils of Miss Edna Fowler who passed the school examination, primary division, were Miss Mary Marshall and Miss Ruby Steinko.

"THE RED WIDOW" TONIGHT.
Raymond Hitchcock's new year resolution was that he would try and harness more laughs during 1913 than he ever did before. That he continues to blaze a trail for his legion of admirers is a well-known fact, no one will doubt him after seeing him as Gero Hana in the great Greek comedy of America, which after he enters the domain of Russia, becomes a libel, against his institutions. In fact, throughout the three acts of "The Red Widow" there is said to be many surprises which lead up to a thrilling dramatic climax.

The demand to see the popular comedian in this smart musical play with a Russian flavor, which comes to the Empire theatre tonight will be keen. The company supporting Mr. Hitchcock numbers upwards of 100 people, who have all added to his success that the play has achieved.

"FINE FEATHERS"
HAS THREE IDOLS

Trio of Matinee Idols of Distinct Types Star in Cast of "Fine Feathers."

One of the most notable features of the all star cast appearing in "Fine Feathers," the dramatic triumph of the day, which comes to the Empire theatre July 10, 11 and 12, is the fact that the great cast contains three distinct types of matinee idols—actors that the young women, and the old ones too, have been known to go mad over. These stars are Robert Edson, Wilton Lackaye, and Max Fegman—three most among the actors on the American stage, and equally well known in London. As a whole American women follow the fashions more submissively and are apt to make shallow comments on the independent taste of the coarser, less sisterly, but this adherence to fashion distinguishes her who demands to be called a 'society' or 'typical' or the typical or the parlor maid, as well as Mrs. Millinaire."

BETTING FAVORS
RITCHIE 8 TO 1

Boxers Are Worried Over the
Event—Authorities' Unani-
mous on Shape of Men.

San Francisco, Cal., July 2.—There seems to be a remarkable unanimity of opinion in expert circles in respect to the condition of Champion Ritchie and Challenger Rivers. There have been occasions when authorities have differed regarding the physical fitness of one or the other of a pair of boxers preparing for an immediately important match, but this time the wise heads of the sporting field not only agree, but are positively enthusiastic.

As far as ring athletes can be judged by outward appearances, Ritchie and Rivers are in good form. They have had ample time to train and they have met with no mishaps.

That each of them is worrying to some extent is as sure as day light. Old trainers and pugilists who do not worry are unsafe propositions, as they are not overburdened with gray matter.

Apart from that, however, his undertakings always involve worry, or at any rate deep thought, and this is about as big an undertaking Ritchie or Rivers could be a party to.

Some discussions are heard as to which of the boys is the speedier. This is a ticklish question to decide when the men concerned are a couple of lightning strikers who have yet to engage in their first mix-up.

The betting houses in San Francisco are still placing the odds in Ritchie's favor. A day or two ago there was a lot of divers money uncovered, and the belief arose that the favorite would go to even money. Now the commissions say Ritchie is favorite at odds of 10 to 5 and that there is plenty of money on both sides.

Dickie Bird Touched for Fourteen Hits by Quakers Who Win Game

Although Churchill Was Wild, Passing Ten Men, Edmonton
Unable to Score More Than Two Runs to Saskatoon's
Eight—Birds Played a Poor Game Throughout.

(By Deacon White)
The reaction from winning two straight from Saskatoon set in on the Grey Birds in the final contest of the series, and they were swamped in a miserable game by the score of 8 to 2. The details are almost too harrowing to record, especially after the brilliant contest of the day before. The infield was so heavy that it took four straight singles to drive a run over, and it was terribly cold, exceedingly easy to hit, or according to some, for support, runs should have been as scarce as hen's teeth. All three conditions were present, and aggravated by a fourth in the form of an umpire who had a very bad night.

Churchill Wild
Wild was no name for the long, gawky sharpshooter that William Hurley sent to the firing line. In the first three stanzas of the rugged, long-driven out game, he passed eight hits to first; and they all perished on the plate in some mysterious way. That is what hurt him. Three were walked in the second, and yet no run. Redmond being picked off third in trying to make that station, when Churchill heaved the pill to centre field.

Four were passed in the third, yet no run. The wonder grew and grew, that with three bases runs could be so few. There is an explanation, kind but, not in the hands of the players. Mr. Deacon Base-runner Wilson took a long lead off second in his customary way, not reckoning on the slippery conditions of the running. Young Open-eyed Walters, backstop for the Quakers, spied the daring Wild, and just for luck took a shot at him by way of second base. Wild saw he was grabbed, so made tracks—heavy ones—for third, and under ordinary circumstances would have outwitted the young Quaker; but the going was too muddy, and our gallant base-runner perished agonizingly at the hands of Dutch Holmes.

After Wild was retired two more birds were passed by Churchill, filling the bases, but no hit was forthcoming to show them in, although Redmond cracked one on the nose, straight into the hands of William Hurley.

Mr. Churchill was exceedingly sly with his hits for a very good reason—he seldom got one close enough to a batter to give him a chance. Four safeties were all that could be mustered, one, only, being a real honest John, namely, by Spencer in the eighth inning—good for two sacks. Dudley was credited with a done ball back of third base that three Quakers fought for, and no one got.

Quakers Bat Dickenson Hard
The Quakers landed terribly hard on Michael Dickenson; and yet we claim there might have been a chance for the attenuated one, had his comrades upheld him in the most critical moment of his career—that is, in this game. Since survival one inning the second, with only one run scored on a triple, single and double—some going on a passed ball—three Quakers (three singles in a row) showered around the pasture.

After such luck, it was bitter indeed to have three runs made in the fifth, when he was plying good ball. Here is where the condition of poor support mentioned above, comes in. With Churchill and Mills on third and second respectively, and one out, Guy boosted a little fly to Moran, which should have made two out, but Pat dropped it for some reason or other, scoring Churchill. Chick bounded a nice one to Clayton, which should have been the third out; but Dudley thought he had some too loose under a skip, so dropped the ball, and a hit, when the side should have been retired.

With a lead of four runs the game was gone, and the Birds knew it. The Quakers turned on their heavy artillery in the sixth and seventh innings for six hits, four resonant drives coming in a row in the seventh for the production of two runs. Two more runs were added in the eighth, the darkness of the eighth and final chapter by the Quakers on two walks, some stolen bases, an error, and a doubtful hit.

One Oatman in the Dramatic Game—Oatman by Moran.
Passing over the fourth condition as mentioned, viz., the work of the umpire, it is pleasing to note that there was one gleaming ray in all the gloom. It came in the fourth inning while there was still a rift in the clouds, the score at that time being only one to nothing in favor of the Quakers. Young Walters smashed a terrific low line drive in the direction of Pat Moran, when a runner was on

second with two out. Pat saw it coming, and went to meet it in the dead run. Reaching down as he sped forward, he made a final lunge, and speared the ball just off the top of the grass, keeling completely over. Some of the Quakers claimed he got it on a pick-up, but their principal reasons for this claim were that a run would have scored, had such been the case.

Birds Score in Sixth and Eighth
Dudley opened up the sixth inning by a back of third base, for which Holmes, Harper and Guy completed. All three grabbed for it at once, and in the way, lost it altogether. Dudley going as far as second. Spencer then opened; and Clayton whacked a grounder to first. Chick who threw him out at first. Dickenson, who had taken mental notes of Dudley's success, essayed the same venture in another spot, choosing a vacant piece of territory back of second, on the theory that lightning does not strike twice in the same place. He spotted his locality he lightning bolted to hold a fly after the manner of Dudley—in that direction. The plan worked. Harper, Chick and Mills fell right into the trap. However, they were more polite than the two who performed in left field; and instead of lightning for the pill, each one backed away urbanely in order to let the other have it. While doing the Alphonse-Gaston act, the little pill dropped between them to the ground, and Dudley scored with the first run.

Another run was put in by the Birds in the eighth. Spencer smashed a clean double late in left field, took third on a wild pitch and came home on a scratch hit by Clayton. This ended the scoring and the game.

Attendance 500. Time 2 hours. Umpire Dyer.

KIEL YACHT RACES
Kiel, July 8—An additional race for Sanderhals yachts was scheduled here at the regatta today, in which Sonnet kind was first, Seehund was second, and Yacht V. The first two boats are light weather yachts, which found racing conditions suitable for the first time today.

The challengers for the regatta of Marblehead in September have not been selected.

GREAT SLUGGER SUSPENDED BY JOHNSON.

Joe Jackson, the hard hitting center fielder of the Cleveland Naps, who is at present leading the American league in batting, and whose spirit for the batting championship has been temporarily halted by President Ben Johnson. The Big Mogul of the A.L. has set Jackson down with an indefinite suspension for daring to make a "walk" demonstration in the presence of Umpire Egan on Saturday.

Sixth race—Two year olds and up, five furlongs straight—Orontide won; Hypatia second; Galaxy third. Time 1:30 1/5.

TEAM LEFT FOR
MEDICINE HAT
Manager Redmond Has Not
Been Able to Secure a
Third Baseman Yet

Manager Redmond is making desperate efforts to secure a third baseman to strengthen up the team before it starts on its tour of the southern and eastern states. He left last night for Calgary, where he will endeavor to make a trade. The team will follow him today.

One of the men whom he had expected to join tomorrow will, it was learned yesterday, be unable to come. It is satisfactory to him that he will be within a day or two some members of the team will be released, as he has at present thirteen players.

Number must be cut to twelve before the ninth of the month. It is probable that a catcher will be secured who can play in the outfield if necessary.

DELMONT RACES
Belmont Park, July 3.—Bessie, leading in the way, lasted just long enough to win the Norfolk stakes by half a length. Ayrle the favorite was scratched, so that Bessie was regarded the best of the lot and justified that belief.

First race—Two year olds; five and half furlongs straight—Bessie won; Norfolk second; Roger Gordon third. Time 1:06.

Second race—Handicap for fillies and mares of all ages; seven furlongs—Flying Fairy won; Sprit second; Inrose third. Time 1:45.

Third race—Norfolk straight stakes, \$1000 guaranteed; three year olds and up; six and a half furlongs straight—Painau third. Time 1:12.

Fourth race—Handicap; three year olds and up; mile—Hodge won; Guy Fisher second; Reymouth third. Time 1:38 1/5.

Fifth race—Independence Steeplechase; handicap; four year olds and up; \$1,600 and plate added; about two and a half miles—Pencost won; Navarre second; Jan Hanson third. Time 5:19.

BOYS' BASEBALL
The Greater Edmonton Boys' Baseball league have secured the use of the High School grounds for Tuesday and Thursday evenings of each week, during the baseball season, their league games will be played there on those nights.

TWO ALLROUND MEN

Two men are now officially named as allround champions of Alberta. On Dominion Day Sheppard and Halliburton made an equal number of points and will both have their names placed on the shield. Sheppard cleaned up on first prize getting four while Halliburton only got two, but Halliburton in addition to the first got four second prizes and a number of thirds. Each secured a total of 22 points.
